

RE: ANDREW CUOMO'S CRIMINALLY NEGLIGENT HOMICIDE

TO: Senator Tedisco, Assemblymen Steck, Santabarbara, and Barclay

FROM: LORENZ KRAUS

August 13, 2020

Probable cause against Andrew Cuomo, for criminally negligent homicide, can be had through admissible hearsay government documents:

- 1) The March 25, 2020 NYS Health Department order required nursing homes to receive hospital patients that carried COVID-19; and prevented nursing homes from COVID-TESTING to properly manage and isolate such patients. This amounts to negligence. (This also breaks the law, the March 3rd Cuomo enabling act, which **prohibits** directives contrary to public health.)
- 2) The July 6, 2020 NYS Health Department paper reports 6326 fatalities; some are admittedly COVID-19 fatalities. If there were no fatalities, there would be no basis for probable cause.

That there WERE fatalities creates probable cause FOR criminally negligent homicide (New York Penal Law § 125.10).

SOLUTION: I would like a meeting with you, myself, local assemblymen (Steck, Barclay, Santabarbara), and the State Police Commandant, to handle this issue by visiting the governor. Nixon was removed by a similar meeting. With you five as witnesses, I would present the issue to Andrew Cuomo to get his initial reaction. From there, I will ask for his resignation or read him his rights. Are you in?

I would like to add that I submitted 30 copies of a [WRIT of REGIME CHANGE](#) to Troop G in Latham June 3, 2020. The writ provides notice of the creation of a NYS Board of Trustees under my Tenth Amendment rights. The Board of Trustees exists and awaits formal recognition. The only way to remove Andrew Cuomo from office is by a new institution, like a Board of Trustees, to push the CNH issue, since the current regime is unable or unwilling to police itself, and would prefer to bury the issue in hearings, rather than deal with, outrageous illegal and felonious action.

I expect the state legislature to provide retroactive recognition of the Board of Trustees to June 3, shortly after, the governor resigns or is removed. Additional memos outline the purpose of the Board of Trustees, its legal foundation, and a memo to the State Legislature, regarding Andrew Cuomo's legal jeopardy.
